Experience

2022

DL Esports

Tournament Management

DL Esports hosted two tournaments of Valorant, one of the most popular game in the esports world. I was a part of the management team in both of these tournaments and operated them smoothly.

2023

Discovery One

Event Management

Discovery One is striving to be a premier esports platform for both passionate and professional gamers. In partnership with Zenetic Esports, an industry leader since 2019, they hosted Bangladesh's largest esports event in 2023, and I had the honor of volunteering as part of the crew team.

2023

Accenture

Developer Job Simulation

Accenture plc is an Irish-American professional services company specializing in information technology (IT) services and consulting. I worked remotely as an intern in the company and completed all the tasks that were provided to me.

2023

JP Morgan Chase & Co

Software Engineer Job Simulation

JPMorgan Chase & Co. is a global financial services firm renowned for its banking, asset management, and investment expertise. I worked remotely as an intern in the company and completed all the tasks that were provided to me.

Achievements

Verified Discord Bots

2021-2022

Discord

During 2021-2022, I achieved verification for two of my Discord bots, namely Helper 2.0 and Rai 2.0.

Metahack Coding Champion by Smartkid

2022

SmartKid is an innovative educational platform focused on nurturing young minds. They organized a global competition with participants from around 40 countries, sponsored by BrightChamps and RoboChamps, in which I secured the first prize.

Talent Discovery Hunt by BrightChamps

2021

BrightChamps is an innovative educational technology company dedicated to offering interactive learning solutions for students. The talent discovery hunt, certified by a team of MIT, IIT, and IIM Alumni, placed me in the top 10 positions.

About Me

I'm a 17-year-old 11th-grade student at Sirajganj Govt. College. I am a front-end web developer with 3 years of experience. I aspire to become a full-stack developer in the near future. My goal is to solve complex problems with creative and efficient solutions while maintaining precision and order in my work.
